

Minutes

West Central CTST October 14, 2015

Introductions were made. Mr. Van den Burg had a correction to the September minutes. He will email Rhonda the corrections. Minutes were approved with corrections.

Old Business

Mondon Hill Road (Good Neighbor Trail) issues revisited. "Cross traffic does not stop". Discussion was had. Request for Joel to please contact Mr. Van den Burg in regards to this topic.

Mr. Van den Burg asked for an update about Lake Townsend Boat Crossing. He would like a stop sign removed there as well. The engineer of record has not been amenable to this request. Mr. Van den Burg will be working with DEP on this issue.

Steve Daniels asked about signage in regards to a car running into the back of a bus. Five incidents have occurred so far this year. A bus on Aires Road had an especially bad crash. A crash report for the area will be requested. He also asked for a School Bus Stop Ahead sign on US 19 southbound at Getty Rd.

A discussion was then had on railroad crossings, the gentleman did not sign in and I don't recall his name, 50 Bypass with railroad, Main and Emerson.

Danielle Barth talked about Safe Routes to School Activities such as National Night Out and National Walk to School Day. Explorers K-8 had 90 students for the walk to school event.

Mr. Van den Burg asked about renaming the Bike Ped Subcommittee. Discussion was had.

Ms. Howard relayed that the sidewalk along US 19 is still in the top of the Priorities listing.

Discussion was had on the MPO TAC / CAC meeting and their stance on Sidewalks for Safety.

An oddity of a pig and a pit bull stopped traffic along US 19.

Mr. Van den Burg relayed that there were also horse issues. A suggestion that animal control be contacted to attend CTST meetings.

The next meeting will be a luncheon at Beef O' Brady's in Brooksville.

Attendees:

Daniella Barth, SRTS
Steve Daniels, Hernando County Schools
